ONB-05 IT Access and Equipment

Document ID	ONB-05	**Version**	1.0
Effective date	2024-02-01	**Status**	Issued
Owner	Information Technology (Head of IT)	**Applies to**	All new hires

1. Your IT account

IT creates your Al Dana account and email address on your **first day**, in the afternoon, after HR confirms that you have arrived. You will be given a printed slip with your first password. Please change it within seven days of receiving it.

2. Laptop and equipment

All new hires collect their laptop **from the IT Store at Doha HQ** (third floor), from 10:00 on their first working day. This applies to head office and site staff alike. Site staff who start at a site should come to HQ first or ask a colleague to collect the laptop for them. Please bring your ID card and sign the equipment form.

Request any additional equipment (mouse, headset, second screen) by email to IT in your first week.

3. Getting help

For anything IT, email **it.support@aldana-group.example** or call extension **2301**. Support hours are Sunday to Thursday, 07:30 to 15:30.

4. Passwords

To reset a forgotten password, email the IT support address above from your personal email and include your employee number. IT will reply with a temporary password.

5. Acceptable use

Company equipment is for company work. Do not install software without IT approval. Report a lost or stolen device to IT immediately.

Printed copy, February 2024. Check the intranet for updates.
